

What is it like to work with us?

You will partner and engage with clients and internal stakeholders to provide tailored, innovative solutions to maximise their opportunities in global markets. You will work in a fast-paced environment, engaging with clients, developing your knowledge of market dynamics and producing fundamental market analysis.

What we offer

Our 9-week internship starts in June and provides:

- direct access to our senior leaders
- on-going performance development
- formal classroom learning paired with interactive and on-the-job real work experience
- opportunities to build your network through social events and community service projects
- a buddy to help you navigate the organization

Interns are eligible to be fast-tracked to our full-time Graduate Programme which provides even greater training and career development opportunities upon graduation.

Commodities and Global Markets

Commodities and Global Markets is a global business offering capital and financing, risk management, market access, physical execution and logistics solutions to a diverse client base.

Our Teams

Central develops various non-division specific, early stage or cross-divisional initiatives as well as housing various group-wide services, including the COO and CFO teams, legal and other specialist activities. The division also encompasses operational risk, focusing on the reduction of operational and other non-financial risks across the business.

Commodity Markets and Finance provides risk management, lending and financing and physical execution/logistic services across the energy, metals and agricultural sectors globally. The division also offers commodity-based index products to institutional investors.

Credit Markets work to provide solutions to monetize and leverage credit assets. The team works with clients to structure bespoke solutions where they finance, trade, or invest in credit assets across residential mortgages, consumer loans, corporate loans and small business loans.

Specialised Asset Finance delivers a diverse range of tailored finance solutions globally across a variety of industries and asset classes.
