

Banking and Financial Services

Banking and Financial Services is Macquarie's retail banking and financial services business, providing a diverse range of personal banking, wealth management, business banking and services to retail clients, advisors, brokers and business clients.

Our teams

Business Banking specialises in the distribution, funding and securitisation of consumer and business banking solutions.

Central and Operations helps deliver the best outcomes for our clients and people through a wide range of services, such as Legal, Marketing, Financial Crime Intelligence and Finance.

Credit has expertise across our Credit Risk, Business Banking Credit Services and Retail Credit Services teams. Credit drive outcomes for clients and business by facilitating business growth, managing risk and driving operational excellence through business-aligned support services.

Product and Technology are a technology team that builds market-leading digital solutions and exceptional customer experiences.

- In the **Product division**, you will have opportunities to work across a range of client facing products. This includes home and car lending, deposit products as well supporting the implementation of customer lifecycle product initiatives.
- In the **Technology division**, you can work in data, design or as a business analyst. Helping deliver exceptional client experiences and great technology outcomes whilst gaining technical skills from product owners, engineers in an agile/ scrum team environment.

Wealth Management services high net worth clients through our Private Bank and supports partners and independent financial advisors through our Wealth Solutions business.

Didn't study finance?

We welcome students from all degree backgrounds.

Recruitment process

In addition to the usual Macquarie recruitment process, candidates for the Credit and Product & Technology teams take part in an interview 'Superday', where candidates meet current graduates, participate in interviews and hear from senior members of the business.

What is it like to work with us?

We are a technology-driven company operating in financial services, aspiring to be the #1 digital bank. We have strong focus on diversity, equity and inclusion, striving to create a supportive workplace environment for all. We also support flexible working and wellbeing.
