

Financial Management Group

Financial Management Group provides strategic analysis and advice in relation to capital, funding, liquidity, tax and financial performance to support the growth of Macquarie's businesses around the world. The Group also ensures that Macquarie continues to meet its financial, regulatory and tax reporting compliance obligations globally.

Our teams

Finance performs Finance and Tax activities, in addition to setting group-wide policies, frameworks and standards. It also delivers business-aligned finance and ensures compliance with policies, frameworks and minimum control standards.

Group Treasury empowers Macquarie's businesses to make an impact, by providing funding, capital and advisory services. It ensures that Macquarie has the resources needed to meet ongoing commercial requirements and pursue growth opportunities.

Corporate Affairs actively engages with stakeholders to protect Macquarie's reputation and promote our brand globally. The division comprises a number of teams that together articulate what Macquarie does, who we are and why this matters to all audiences.

Data works to deliver quality data to the Financial Management Group and customers to drive better business outcomes, including exemplary data risk management.

Didn't study finance?

We welcome students from all degree backgrounds.

What is it like to work with us?

You will be part of a team which plays a critical role in helping our business grow by providing strategic advice to senior management. You will be empowered to examine problems from every angle, finding ways to enable growth while being supported by a diverse team.

It is an exciting time to join the team as they transform operations by automating solutions, enhancing processes and controls and creating streamlined structures. There are plenty of opportunities for you to make a difference in the transformation journey.
